

**MENTEES**

95%

of mentees agree they have a better understanding of industry, the skills needed to succeed, careers available and a network extending beyond academia

**INTERNSHIPS**

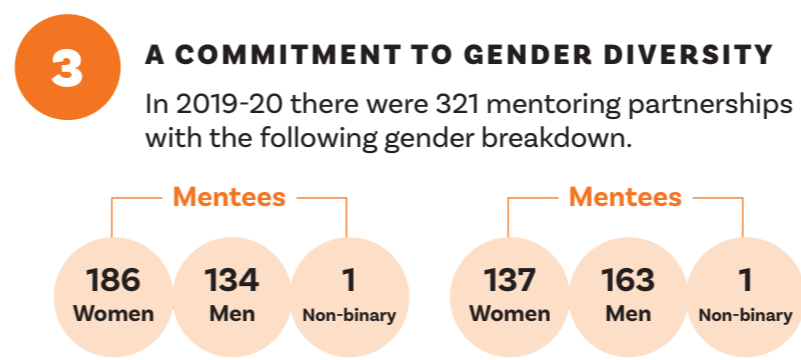

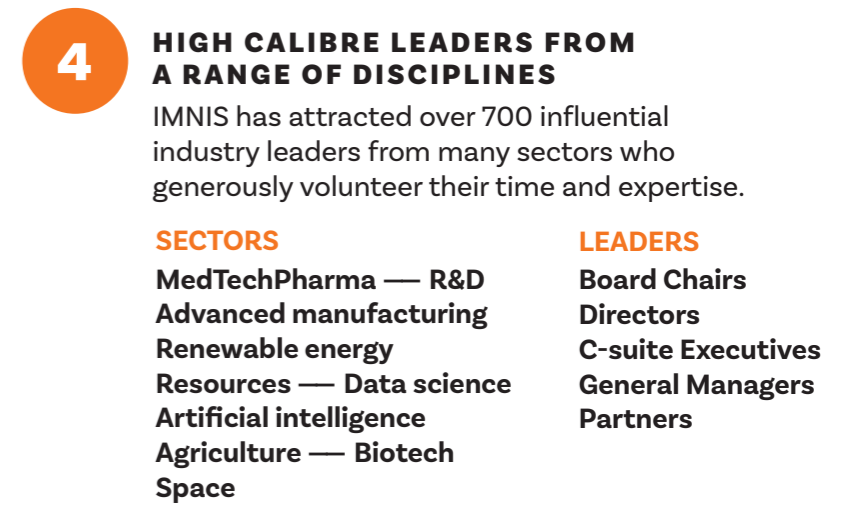

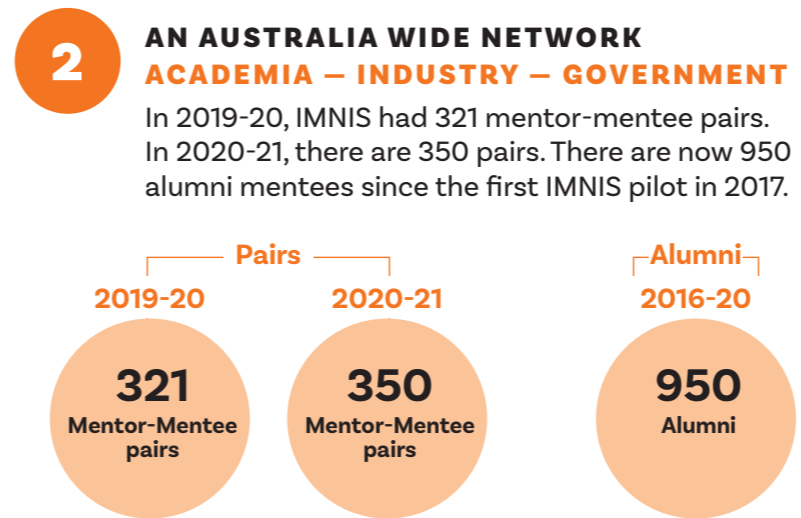

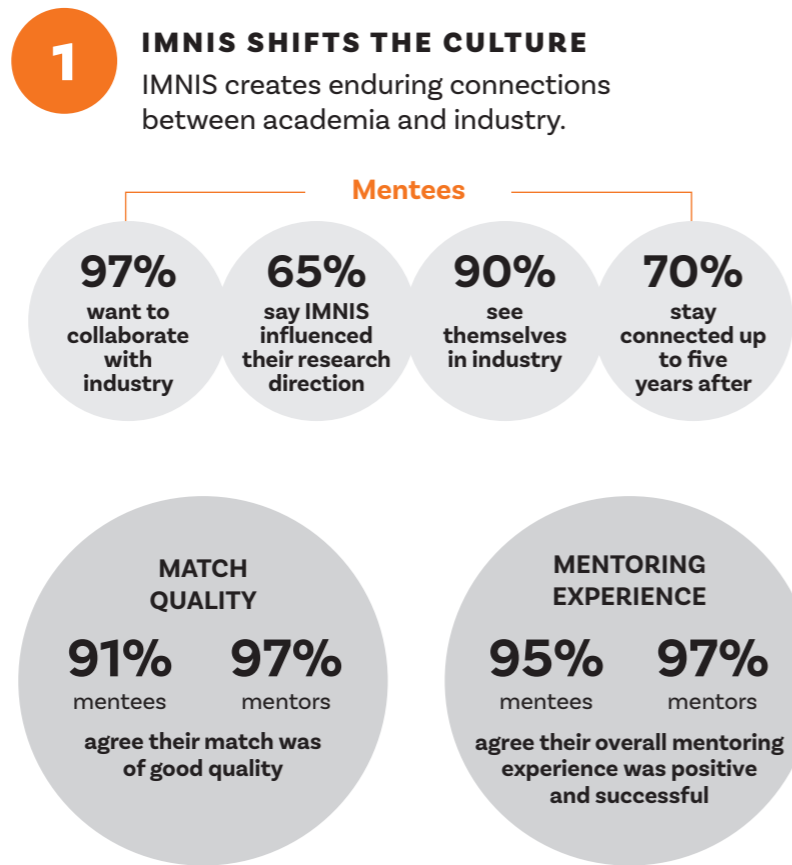

79%

of alumni want to do internships

Today's influencers mentoring tomorrow's leaders in STEM.

IMNIS EVENTS ALL OVER AUSTRALIA

IMNIS is an award-winning industry engagement initiative, which pairs hundreds of motivated PhD students and early-career researchers (Mentees) in STEM with influential industry leaders (Mentors) in a one-year mentoring and professional development program.

**IMNIS MENTEES ARE READY FOR INTERNSHIPS**

IMNIS has a cohort of highly-qualified early-career STEM professionals ready to engage, collaborate and do internships beyond academia.

**IMNIS IS DRIVING WORKFORCE GROWTH IN AUSTRALIA**

As part of the Researcher Exchange & Development in Industry (REDI) initiative, five outstanding IMNIS Mentees doing research in regenerative medicine, gene and cell therapies and digital health have been matched with influential industry leaders to accelerate their career trajectory.

*“The IMNIS Program had a ripple effect on my life and career trajectory. Not only was I paired with an excellent mentor, I also was connected with so many more people in academia, business and industry, which has opened multiple doors for me that I never even knew existed.”*

IMNIS is a national industry engagement initiative of the Australian Academy of Technology and Engineering
